Paving The Way To A Better Cemetery

The Grand Forks Cemetery Association (GFCFA) is continuing its efforts to improve your cemetery.

In 2020 the GFCFA reclaimed approximately one-half mile of old asphalt road and then installed a 3-inch thick layer of new asphalt paving. This process provided for a very solid base for our new roads that should last for many years. In addition, the Association overlayed approximately 600 feet of damaged roads until such time these roads can also be replaced.

The Association's next road earmarked for reclamation and new 3-inch thick asphalt is the main road which runs north and south through the middle of the cemetery. This road is approximately 1020 feet in length and 20 feet wide.

We are grateful for the generous support thus far from so many of our members, their families, and their friends. Would you please consider making a donation this year toward repairing and resurfacing the roads in Memorial Park? In our previous letters we suggested a donation of \$150. We want you to know that every contribution helps, whether its \$25 or \$1000. To make a tax deductible donation, please fill out the donation card enclosed with this letter and return it to us, along with your check. If you like, you can also make your donation by visiting our website gfcemetery.com/fundraising/. Your donation can be given in memory of a family member or a friend, and we will retain both your name and those of your loved ones in our records.

We appreciate your support while we take these continuing steps to improving your cemetery.

Sincerely,

Robin J. Purcell
