## **Paving The Way To A Better Cemetery**

The Grand Forks Cemetery Association (GFCA) is continuing its efforts to improve your cemetery.

In 2020, the GFCA reclaimed approximately one-half mile of old asphalt road and then installed a 3-inch-thick layer of new asphalt paving. This process provided for a very solid base for our new roads that should last for many years. In addition, the GFCA overlaid approximately 600 feet of damaged roads until such time as these roads can also be replaced.

The GFCA's next road earmarked for reclamation and new 3-inch thick asphalt is the main road, which runs north and south through the middle of the cemetery. This road is approximately 1,020 feet in length and 20 feet wide. We have received estimates for this reclamation and new overlay for 2026 and are close to meeting our financial goal to move forward.

We are grateful for the generous support thus far from so many of our members. Would you please consider making a donation this year toward repairing and resurfacing the roads in Memorial Park? We want you to know that every contribution helps, whether it's \$25 or \$1,000. To make a tax-deductible donation, please fill out the donation card enclosed with this letter and return it to us, along with your check. If you like, you can also make your donation by visiting our website [gfcemetery.com/fundraising](http://gfcemetery.com/fundraising). Your donation can be given in memory of a family member or a friend, and we will retain both your name and those of your loved ones in our records.

We appreciate your support while we take these continuing steps to improve your cemetery.

Sincerely,

*Robin J. Purcell*
